GENERAL AND REVENUE SECRETARIAT.

Serial Nos. 4,

Part B for June 1924

SUBJECT

Revenue Statistics for December 1923,
January, February & March 1924

Serial
No

11.

The return of Revenue statistics to end of December 1923 has been sent by the Comptroller and the figures reported in it require close scrutiny in view of the uncertain situation in the second six months of the year in respect of the chief heads of Revenue.

LAND REVENUE.- The gross collection in the first half of the year is reported to be Rs.8.90 lakhs. What is likely to be the probable collection in the next six months is the most important point to be considered. I note below the figures for the last three years from which some reasonable inference will have to be drawn respecting the course of this revenue in the rest of the current year:-

Years.	First six months.	Second six months.	Gross collection.	Refunds etc.	Net collections.
1920-21	8.30	101.59	109.89	1.60	108.29
1921-22	9.58	107.53	117.11	1.48	115.63
1922-23	9.85	110.30	120.15	1.73	118.42
1923-24	8.90				

It will be seen that the second six months' collections in 1921-22 and 1922-23 ^{were} ~~have been~~ much in excess of that in 1920-21. The collections in the last two years were particularly good and the arrear demand was reduced in 1921-22 from Rs.12½ lakhs to Rs.9½ lakhs and in 1922-23 from Rs.9½ lakhs to Rs.5 lakhs. The average for the three years comes to Rs.106.47 lakhs. If we assume that about Rs.10 lakhs will not be collected on account of remissions and

suspensions

Serial
No.

suspensions and also of the probability of larger arrears outstanding in a year of this kind, we shall have to place the collection in the next six months at about Rs96.47 lakhs. The total gross collection in the year would then be $\text{Rs}96.47 + 8.90 = \text{Rs}105.37$ lakhs and if we allow Rs1.37 lakhs on account of refunds, the net Land Revenue collection would stand at Rs104 lakhs. This is the figure I have assumed in the Financial Review.

If a calculation is made upon the demand figures the position will be as under: The total demand including the opening balance, assessment on land and quit rent of minor inam villages, is about Rs112 lakhs. If we assume that Rs10 lakhs out of this demand will not be collected and that of the balance of demand of Rs102 lakhs, 93 per cent will be collected, the realisation ~~was~~ against these three items would be about Rs95 lakhs and if to this we add about Rs8½ lakhs on account of miscellaneous items against the budget figure of Rs9½ lakhs and deduct about Rs1½ lakhs on account of refunds, the net realisation will be $\text{Rs}95 + 8\frac{1}{2} - 1\frac{1}{2} = \text{Rs}102$ lakhs.

I do not think, in the circumstances stated above, that we can place the total net collections in the year at more than about Rs102 or Rs103 lakhs.

EXCISE. - The course of this revenue in the current

Serial
No.

current and the previous three years in the first and second six months of the years is shown in the sub-joined statement:

Years.	GROSS COLLECTION.			Deduct refunds etc.	Net collec- tion.
	First six months.	Second six months.	Total.		
1920-21	37.83	41.52	79.35	2.13	77.22
1921-22	35.48	41.89	77.37	1.35	76.02
1922-23	35.67	38.92	74.59	3.08	71.51
1923-24	33.84				

The collection of this revenue is more or less evenly spread over all the twelve months of a year. The increase shown by the second six months' figures over those of the first six months is mostly due to the adjustment on account of the following three items all of which used to be effected in the final accounts of the year: (1) Gain on manufacture of arrack, (2) Duty on ganja and majum, and, (3) Gain on sale of opium. Item No. (2) is now being adjusted under the final head every month and there will, therefore, be no addition on this account in the final accounts. The adjustment in the second six months is, therefore, limited to gain on manufacture of arrack and gain on sale of opium which, in the Budget, is estimated at .90+.60 lakhs Rs1.50 lakhs. If we assume that the gross collection in the second six months will be the same as in the first six months and allow for an addition of Rs1.50 lakhs for gain on arrack and opium and Rs1.50 lakhs on account of refunds, the net collection will stand at

General and Revenue
Secretariat.

current and the previous three years in the first and second six months of the years is shown in the sub-joined statement:

Years.	GROSS COLLECTION.			Deduct refunds etc.	Net collec- tion.
	First six months.	Second six months.	Total.		
1920-21	37.83	41.52	79.35	2.13	77.22
1921-22	35.48	41.89	77.37	1.35	76.02
1922-23	35.67	38.92	74.59	3.08	71.51
1923-24	33.84				

The collection of this revenue is more or less evenly spread over all the twelve months of a year. The increase shown by the second six months' figures over those of the first six months is mostly due to the adjustment on account of the following three items all of which used to be effected in the final accounts of the year: (1) Gain on manufacture of arrack, (2) Duty on ganja and majum, and, (3) Gain on sale of opium. Item No. (2) is now being adjusted under the final head every month and there will, therefore, be no addition on this account in the final accounts. The adjustment in the second six months is, therefore, limited to gain on manufacture of arrack and gain on sale of opium which, in the Budget, is estimated at .90+.60 lakhs -

Rail. 50 lakhs. If we assume that the gross collection in the second six months will be ...

Serial
No.

12. (33.84 + 33.84 + 1.50 - 1.50) = Rs. 67.68 lakhs. This calculation shows that the actual net collection for the year will be about Rs. 68 lakhs and that it will not certainly exceed Rs. 70 lakhs at which the Revised Estimate has been taken in the Financial Review

FOREST. - The collection in the first six months of the year excluding sandal oil receipts and the cost of fuel supplied to the Iron Works is Rs. 4.98 lac. The course of this revenue in the past three years is shown in the following statement:

Years	GROSS COLLECTION.		
	First six months.	Second six months.	Total.
1920-21	3.68	10.95	14.63
1921-22	5.29	10.47	15.76
1922-23	5.05	12.56	17.61
1923-24.	4.98		

In one of his recent communications the Conservator has stated that the falling off under Timber alone is not likely to be less than Rs. 2½ lakhs. The free grazing allowed is also reported to substantially reduce the revenue from grazing and fodder grass which, according to the estimate, is about a lakh. According to the Conservator's estimate itself we have to be prepared for a shortage of about Rs. 3½ lakh. The average collection in the second six months ^{last 3 years} was about Rs. 11.33 lakhs and if from this we take off Rs. 3½ lakhs, the collection in the second six months of the year has to be placed at Rs. 11.33 - 3.50 = .

CA

File No.

Ra7.83 lakhs. The aggregate collection for the whole year exclusive of sandal oil receipts will thus be Ra4.98+7.83+4.04(cost of value of fuel supplied to the Iron Works) = Ra16.85 lakhs and if from this we take off Ra15,000 on account of refunds as provided for in the Budget, the net collection will be Ra16.85 - .15 = Ra16.70 lakhs. In the Financial Review I have taken that the revenue will not be permitted to fall below Ra16 lakhs.

STAMPS.- The ^{six}~~81~~ months' gross collection is about Ra9.12 lakhs. The general feature of this revenue is that the collection in the second six months is more or less the same as in the first six months. We can, therefore, expect another about Ra9.12 lakhs from January to June. The aggregate will be about Ra18.24 lakhs and making allowance for refunds, the net collection will be about 17.60 lakhs. The net Budget is Ra18½ lakhs. In the Revised Estimate framed for the Financial Review I have taken Ra18 lakhs in round figures.

RAILWAYS.- The gross receipts in the first six months are Ra35.03 lakhs. The experience of the previous three years is as under:

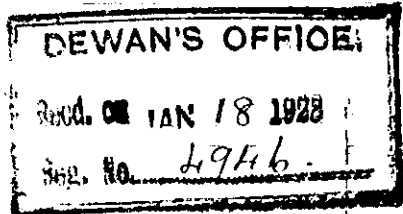

Years.	GROSS COLLECTION.		
	First six months.	Second six months.	Total.
1920-21	29.36	26.07	65.43
1921-22	31.60	38.54	70.14
1922-23	37.24	38.27	75.51
1923-24	35.03		

Serial
No.

Usually, the second six months' collections are better as the traffic to be moved in that period is larger. It will, however, be seen from the above figures that the substantial improvement which used to be reflected in the second six months' figures was not maintained in 1922-23 in which year the collections in the two half years were about the same except for the difference of about a lakh. Considering the downward tendency of this revenue, I do not think we can expect that the current year's experience will be different from that of the immediately previous year and on this assumption we can expect only a lakh more in the second six months. According to this calculation the gross receipt would be $\text{Rs} 5.03 + 36.03 = \text{Rs} 71.06$ lakhs against the Budget expectation of Rs 80 lakhs. The shortage is therefore, nearly Rs 9 lakhs. There must be some reduction under working expenses due to the decrease in gross receipts. How much this will be it is difficult to say now. There will also be some improvement in the charges on account of the Debenture Loan interest owing to the increased rate of exchange and between these two ^c factors the improvement on the expenditure side may be taken for the present at about Rs 2 lakhs. The net deterioration would be $\text{Rs} 9 - 2 = \text{Rs} 7$ lakhs. In the Financial Review I have ~~1~~ taken this deterioration to be only Rs 4 lakhs.

3281

General and Revenue
Secretariat.

C. A. File No. 4 of 1923.

Serial
No.

	Figures for 8 months 1923-1924	Figures for 8 months 1922-1923
Land Revenue	30,06	32,71 - 25
Sandal oil (Net)	7.43	1.12 + 631
Forest Exclusion of Sandal oil	7,33	7,62 - 29
Excise	45.88	48.87 - 2.99
Income Tax	7.50	5.44 + 2.11
Stamps	12.25	11.53 + 70
Mining Revenue	9.52	9.78 - 26
Total Rev (Net)	24.09	22.73 + 1.36

As compared with the figures for last year
the Receipts under Land Rev Excess have
gone down $\frac{1}{3}$ About 3 lakhs each.
Sandal oil & Income Tax have yielded
7.43 and 7.50 as against the Budget Provision
of 7.56 + 12.88 respectively

Planned for Decr. 8th 1923
12/3/1924 & the H. Secy's Review Thereon
read
14/3/24

Please see ~~also attached~~ ^{pages 1-8 above} for the Decr. Statistics.

Feb 14/24 February is the month of Land Revenue
first time. The Collection is the month and
2.25 less than corresponding Collection of last
year. The progress of Collection has to be watched
further what effect the Seasonal conditions
have on the revenue.

C.A File No. 4 of 1923.

Serial
No.

Findings - The difference between the actual
glutted year & the last year
which was 21 (decrease) at
end of Dec '23 has now risen
to 29. ~~The decrease in the actuals~~
~~and the rate of decrease~~

Excise - The decrease for as compared
with last year's corresponding figure
is 2.99. This is partly due to
reduction in the shop rental of
this year at the Auction Sales.
But the Excise Comt. has explained
in another connection that the
decrease is also the result of
reduction in consumption.

Stronger orders are being
issued from the Rev Secy as
regards the collection of arrears
and the monthly Dec 6 returns
are being renewed for the purpose.
The Excise Comt. has also
been asked to renew the
Kulwan Baktipattias and
to watch necessary gallians

Income Tax - Realizations are so far satisfactory
though there can however compare
with previous actuals is misleading
giving no wrong idea as the
progress of collection. - previous
years has very irregular

T. SATYARAJ CHETTY,
Comptroller.

BANGALORE
24th January 1924.
17th February 1924.

6 A. 4-23-18

Office of the Revenue Commissioner in Mysore

Dated, Bangalore 25th February 1924.

CIRCULAR MEMORANDUM.

From the Revenue Statistics received from the Comptroller from time to time it is seen that the collections under Land Revenue for the half year ending 31st December 1923 is only 8.90 lakhs as against collections of 9.85 lakhs and 9.58 lakhs for the same period of the years 1922-23 and 1921-22 respectively, thus showing that there has been a considerable fall in collections so far during this year. Further, the adverse seasonal conditions prevailing in some parts of the State may have caused suspension of collection of Assessment and remission of assessment thus reducing the net demand for the current official year to a considerable extent. Unless special exertion is made by the local Revenue Officers in the collection of land revenue, in the all non-affected tracts, the collection will continue to fall and in the end Government would be placed in a difficult financial position. The Deputy Commissioners of Districts are, therefore, requested to instruct the Amildars to put in very vigorous efforts in the matter of collection of land revenue and of arrears under Land Revenue, Land Revenue Miscellaneous, and contributions, in the non-affected tracts. Further, the disposal of all kinds of darkhast lands, particularly Amrit Mahal Kaval and Date reserve lands should be pushed through very vigorously and the fixing of temporary assessment on un-assessed lands already sold completed very early so that the demand may be enhanced. The Deputy Commissioners are also requested to watch the progress of the above work in the Taluks and bring to the notice of the undersigned, instances of slackness on the part of any Amildars.

In affected Taluks, collections should be made to the extent possible and ^{as} indicated in the Revenue Secretary's

Letter No. 3949-58/E.R. dated 19th February 1924 to the
Deputy Commissioners.

No. *C.R. 148/20-24*

Office of the Commissioner of Stamps
in Mysore,
Dated, Bangalore 14th March 1924.

3445
x

From

A. SUBRAHMANYA IYER, ESQUIRE., B.A.,
Commissioner of Stamps in Mysore
B a n g a l o r e .

To

Rajakaryaprasakta
M. N. Krishna Rao, Esquire., B.A.,
Financial Secretary to the Government of
His Highness the Maharaja of Mysore,
B a n g a l o r e .

Sir,

In reply to your letter No. Fl.5100-2 dated 13th *P*
instant, regarding the action taken with reference to the Dewan's
observations on the return of Revenue Statistics for December 1923
I have the honor to state that a copy of the extract of your note
and the Dewan's order thereon received with your letter No. Fl.
4502-6/C.A.4-23 dated 14th ultimo has been sent to all the Deputy
Commissioners with a request that all the Inspectors of Stamps
under them may be directed to make a thorough inspection of all the
offices within their jurisdiction and obtain and send their report
to this office early, along with their (Deputy Commissioners')
reports on the inspection of their own offices. All the District
Judges and the Registrar of the Chief Court have also been written
to similarly. A copy of the report received from the Registrar of
the Chief Court is herein enclosed. As it is not in the prescribed
form a copy of the form has been sent to him with a request that a
fresh report in the said form may be sent.

Copies of these forms have been sent to all the
District Judges also.

The reports of these Inspectors will be submitted
soon after they are received in this office.

I have the honor to be,
Sir,
Your most obedient servant,

A. Subrahmanya Iyer
Commissioner of Stamps
in Mysore .

General No.
No.

C.D. 148/20-24

Enclosure No one only

Regarding the action
taken with reference to
Deewan's observations on
The return of Revenue
Statistics for December 1923.

REPORT OF INSPECTION.

A large number of records taken at random and scrutinised disclosed following defects :-

1. In several cases the stamps were not punched in the proper place namely, the Figure Head
2. In the case of copy applications square punch was wrongly used instead of round one.
3. Excised pieces in many cases had not been removed.
4. Although the present punch is in good working order it is in contemplation to provide one with better mechanism.

The inspection does not call for any other observations.

Necessary instructions have been given to the clerks --- concerned.

(Sd) A. Sreenivasaraghavachari,
Registrar and Inspector
of S t a m p s .
8.3.24.

" C o p y "

Commissioner of Stamps
in Mysore .

Return of Revenue Statistics
relating to Railways for
Dec 1923

U.O. letter No.E.2/24 F, dated 1st March 1924, from the
Traffic Manager, Mysore Railways, Mysore, to the Agent, Mysore
Railways, Mysore.

Railway Secretary's U.O. Note 371 of 18th Feb' 24.

The Financial Secretary has taken the combined receipts of
Mysore Railways and Mysore State Railways worked by the M.&S.
M. Railway in making the observations. In the statement attached
herewith, it will be seen that the difference in receipts between
the 1st and 2nd half of the year is not so varying as has been
pointed out and they are generally better in the second half for
the following reasons :-

- (1) Passenger traffic is heavier as the marriage season
is generally in the 2nd half of the year.
- (2) Parcels receipts are heavier owing to mango traffic
and to a smaller extent to orange and B.nut traffic.
- (3) Goods traffic is better owing to the second half year
closely following the main harvest season. This is
also the traffic when the salt traffic generally moves.

2. The earnings of the 1st half of the current year are approx-
imately 14.51 lakhs only as the audited returns for December
1923 are not received yet. This is less by 1.2 lakhs when com-
pared ~~with~~ the corresponding 1st half year receipts of last year
and this fall in revenue is due to fall in Dasara earnings and
almost total absence of traffic in Javari, Till seeds, ground
nuts, Betel nuts, etc., due to failure of rains, and dull timber
traffic on Birur-Shimoga Branch.

3. I do not think the earnings of the 2nd half of the year
will improve due to adverse seasonal conditions and the con-
sequent failure of crops. Last year we had bumper ~~large~~ mango
traffic and some orange traffic and as rains have failed, we
cannot expect any traffic in this direction also. There is
little traffic on Chickjajur-Chitaldrug Railway as the M.&S.M.
Railway are not freely supplying wagons, our revenues is likely
to fall but I am moving the M. & S. ^M Railway about this. The

traffic now moved on Bangalore District is chiefly, hay, chrome ore, kunker and fuel for which we are offering special rates and will not bear enhanced rates.

4. From the above, it has to be concluded that the receipts for the 2nd half year will be less than the 1st half. So the earnings this year will be 30 lakhs or 3.5 lakhs less than the anticipated earnings and if there be any corresponding decrease in revenue on Mysore State Railways worked by M.& S.M. Railway, the Financial Secretary's anticipations are correct.

5. I think there is very little prospect of our being able to ~~increase~~ increase traffic. There is no outwards traffic offering as people had a bad year for crops and anticipate worse next year. A little inwards traffic in grain to the famine stricken areas of the Kolar District has started but this is not likely to materially increase our earnings.

6. Every effort is however being made by this Department to canvass traffic. The decrease in passenger traffic has not led to a decrease in train mileage as we have only the minimum of train service.

OFFICE OF THE CONSERVATOR OF FORESTS IN MYSORE

Dated Bangalore, 17th March 1924.

No. 864

DIARY NO. 3487

B. V. RAMAINGAR, Esq., B.A.,
Conservator-of-Forests in Mysore.

Rajakaryaprasakta,
M. N. Krishna Rao, Esq., B.A.,
Financial Secretary to the Government
Of His Highness the Maharaja of Mysore.

SIR,

With reference to your letter No. Fl. 4502-6/C.A. 4-23 dated 14th February 1924, forwarding for action, your note and the Dewan's orders thereon, ~~xxxxxx~~ ~~xxxxxx~~ ~~xxxxxx~~, I have the honour to state that your note regarding the fall in revenue in grazing to the full extent of the budget allotment is not quite correct. The figures to the end of December last, show that a revenue of Rs. 64,000 and odd has been recovered against the budget revenue of Rs. 80,000. From the information now received there seems to be no fall in revenue under this source.

Existing circumstances indicate that my fears regarding the fall under 'Timber Revenue' are not likely to be effaced.

Every attempt is being made to recover as much revenue as possible. The prevailing hopeless trade conditions, all the world over, and the distress in parts of our own State, are tremendous obstacles, which do not admit of making any appreciable headway.

I have the honour to be,
Sir,
Your most obedient servant,

B. V. Ramaingari

Conservator of Forests..

Office Notes

Budget 1924-25.

Budget head.	Dewan's order.	Reply of the Department.	Remarks of Financial Secretary.	Orders of
Land Revenue	Collection of arrears.	Land Revenue miscellaneous contributions. Sale amounts on Amrut Mahal Kavals and collection of - Land Revenue in all unaffected tracts must be - vigorously undertaken - Strict circulars to all Deputy Commissioners.	The Revenue Commissioner has forwarded a copy of a circular letter addressed by him to the Deputy Commissioners of Districts requesting them to instruct the Amildars to put in very vigorous efforts in the matter of collection of Land Revenue and arrears and also of Land Revenue Miscellaneous and of contributions in all affected tracts and further to see that the disposal of all kinds of Darkhasts for lands particularly of Amrut Mahal Kavals and Date Reserve lands is pushed through vigorously.	Dewan.
Excise.	I have passed orders on the statistics for a detailed explanation being called for from Excise Commissioner. The arrears of 4 and odd lacs must be more-lessly collected.	The Excise Commissioner reports that the collection during the past 6 months (up to the end of January 1924) was Rs.40,15,000 or a fall of Rs.2,85,000 as against the corresponding period of last year and forwards statements showing statistics of consumption of liquors for the period. He states that the consumption of arrack was		

the other Districts. Owing either to the scattering of population as in the Tumkur District or to the importation of illicit liquor as in the Kolar Gold Fields, Kadur Etc. No further - states that the severity of rainfall and the cutting of date leaves for fodder are said to have affected the yield of Toddy trees.

Stamps. I fear there is leakage. No pun-
ching of stamps or cancellations.
All Stamp Inspectors must be -
asked to make a thorough Inspec-
tion of offices at once and
report.

The Commissioner of Stamps reports that a copy of the Financial Secretary's note with Dewans order thereon have been sent to all Deputy Commissioners, District - Judges and Registrar, Chief Court with a request that all the Inspectors of Stamps under them may be directed to make a thorough inspection of all the officers within their jurisdiction and obtain and send their reports to him and that on their receipt they will be submitted to Government.

Forest. How is Sandalwood Revenue ad-
justed for half year ?

As regards Forest revenue proposal the Conservator has not furnished any reply to the Dewan's query as regards adjustment of Sandalwood - revenue but has only explained the variation in Forest - receipts proper. Under the Revised arrangements Sandal wood revenue is what is - received as sale proceeds of Sandal Oil.

Budget head.	Dewan's order.	Reply of the Department.	Remarks of Financial Secretary.	Orders of Dewan.
--------------	----------------	--------------------------	---------------------------------	------------------

The Conservator says that an amount of Rs.64000/- has been realised against 80000/- - expected in the budget on - account of revenue for - grazing and that there is no fall in this revenue. As regards the fall under - Timber he says it is not possible to make any headway on account of hopeless trade - conditions all the world over and the distress in parts of the State. He adds that every effort is being made to recover as much Revenue as possible.

Railways.

Traffic is looking up and Traffic strangers should be requested to watch and conserve Revenue as far as possible. Extra service may be introduced if necessary

The Railway Secretary points out that the Financial Secretary has taken in his observations the combined receipts of the Mysore Railways and the railways worked by the Company and that the earnings of the 1st half of the year are 12.5 lakhs and in the 2nd half of the year by 1.2 lakhs and that this fall in Revenue is due to fall in Dasara earnings-absence of traffic in Javari-Fill seeds ground nuts etc due to failure of rains etc, and he fears that there will be no improvement in the earnings of the 2nd half of

of crops. He fixes the total receipts for the year at 50 lakhs less than the anticipated earnings. He further states that there is no prospect of increasing traffic.

Orders of Member of Government	Recommendations of Finance Department	Orders of the Dewan	Remarks
Reply of The Department :-			
The Rev. Comr has forwarded a copy of a circular letter addressed by him to his Deputy Commrs of Dist. requesting them to instruct the Amildars to put in very vigorous efforts in the matter of collection of Land Revenue and appears ~~The Amildars~~ Land Revenue Miscellaneous and Contributions in the non affected tracts and ~~that~~ further the disposal of all kinds of Darkhast for lands particularly of Anant Matat Kavals & Date reserve lands ~~should be~~ pushed thro' vigorously.			
2) He also reports that the Dy. Commr will be asked to take steps to prevent the illicit manufacture & smuggling of opium & furnish particulars regarding the work by the Excise Detective Staff since its formation. It is stated that better results would be secured if (i) the Inspector of E. & G. Bureau is relieved of his clerical work by a suitable establishment, (ii) the Assistant Inspectors are invested with the powers of house arrest without warrant - & (iii) the more mobile staff attached to the Districts of Shimoga & Channarayana is made to work with the Detective Staff etc.			
The Comr of Stamps reports that a copy of the H. Secy's note with Dewans orders thereon have been sent to all Depy Commrs with a request that all the inspectors of Stamps under them may be directed to make a thorough inspection of all the offices within their jurisdiction and obtain and send their reports to him and that on receipt they will be submitted to Govt.			
The Conservator reports that an amount of Rs 6400/- has been realised against 8000/- expected in the Budget and that there is no fall in Revenue from the past year. As regards the fall under Timber Revenue it is not possible to make any headway on account of the poor conditions of the State. But that every effort is being made to recover as much Revenue as possible.			
The Dy Secy points out that the H. Secy has taken the combined receipts of the Mysore Div. in his observations and that the earnings of the 1st half of the year are 14.51 lacs and is less than the receipt of the 1st half of last year by 1.2 lakhs and that this fall in Revenue is due to fall in Dasara earnings - absence of traffic in Javari, Dill seeds, groundnuts etc due to failure of rains etc. and he anticipates that there will be no improvement in the 2nd half of the year owing to adverse seasonal conditions & failure of crops - and for he fixes the total receipts for the year at 30 lacs i.e. 3.5 lakhs less than the anticipated earnings which states that there is no prospect of increasing traffic.
